10 January 1974

MEMORANDUM FOR: STATINTL

SUBJECT   :   Relations with State

REFERENCE   :   Your memorandum, dated 8 January 1974,
                     "Survey of DDI Relations with State"

STATINTL

Through working relationships established over the years by
O/NE staffers and SRS specialists, this office has many contacts in
INR and a considerable number in the geographic bureaus and embassies.
Thus O/PR folk are knowledgeable about the caliber and possible suit-
ability of various individuals at State who might be considered for
rotational assignment to CIA.

STATINTL

I have been planning--and Bill Hyland's appointment should
facilitate--some conversations with INR about joint work efforts and/or
participation by individual INR analysts in one or more O/PR-designed
research projects. Acquiring a good State Department analyst to be
part of a team doing a particular in-depth project (rather than always
specifying a one or two year assignment) would seem to have advantages.

As we proceed with the staffing of O/PR, we will be considering
at least a few prospects presently at State. I have already talked with
one promising young man,   by name, who has a
Ph.D. in International Relations and a strong exposure to the "new
methodologies."

SUBJECT: Survey of DDI Relations with State

STATSPEC

STATINTL

REMARKS:

 As a result of meetings between the DCI and State officials last month, Mr. Proctor has been given the responsibility of exploring ways to expand relations with INR, the geographic bureaus at State, [   ]

STATINTL

STATINTL

[   ] In order to do this, we need background information on the state of your existing relations with these three elements. As part of your response please include

STATINTL

STATINTL

 One of the items that the DDI will be considering is the possibility of rotational assignments. Any thoughts you have on this would be appreciated as well as any other ideas for expanding our relations with State.

 I need your comment no later than mid-afternoon, Friday, 11 January.
